### E-SAFETY AT CHRISTMAS

As Christmas is approaching many children and young people will be asking for new devices. It's important that parents think carefully about these devices and the parental features that are available. It's equally important parents think about what the device will be used for. Children's Tech Guide 2023 has guides on a huge range of tech from laptops to gaming consoles, smart TV's and much more. The guides can be found [HERE](#)
