

Zoo Trip

Today we went down to the zoo

You went with me and I went with you.

The first animal that we saw

Was a great big lion with a great big roar!

The next big cat was on the prowl

It was an angry tiger with a very deep growl!

Then we went to the penguin pool

When they dived in the water, it was really cool!

After that, was Gorilla Mountain

One was sitting in a water fountain!

The next thing to visit was the Elephant house

Where we saw an elephant talking to a mouse!

Then we went to the zebra place

The zebra looked like a horse with a stripy face!

Finally we came to the giraffes – so tall

Standing next to them made us all feel small!

At last it was picnic time down by the lake

We ate our sandwiches and delicious cake!

What a lovely day we had at the zoo

When you went with me and I went with you!
