

What is Special to You?

Flags and shields often have a meaning.

A Flag might tell a story. A flag might tell us what is important or special

 <p>United States of America 13 red & white stripes – the original states 50 Stars represent states.</p>	 <p>Jamaica Black - strength and creativity of the people Gold - the natural wealth and beauty of sunlight Green - hope and agricultural resources</p>

Some schools have a shield or emblem that has a meaning.

What is your school shield and what does it tell you about the school?

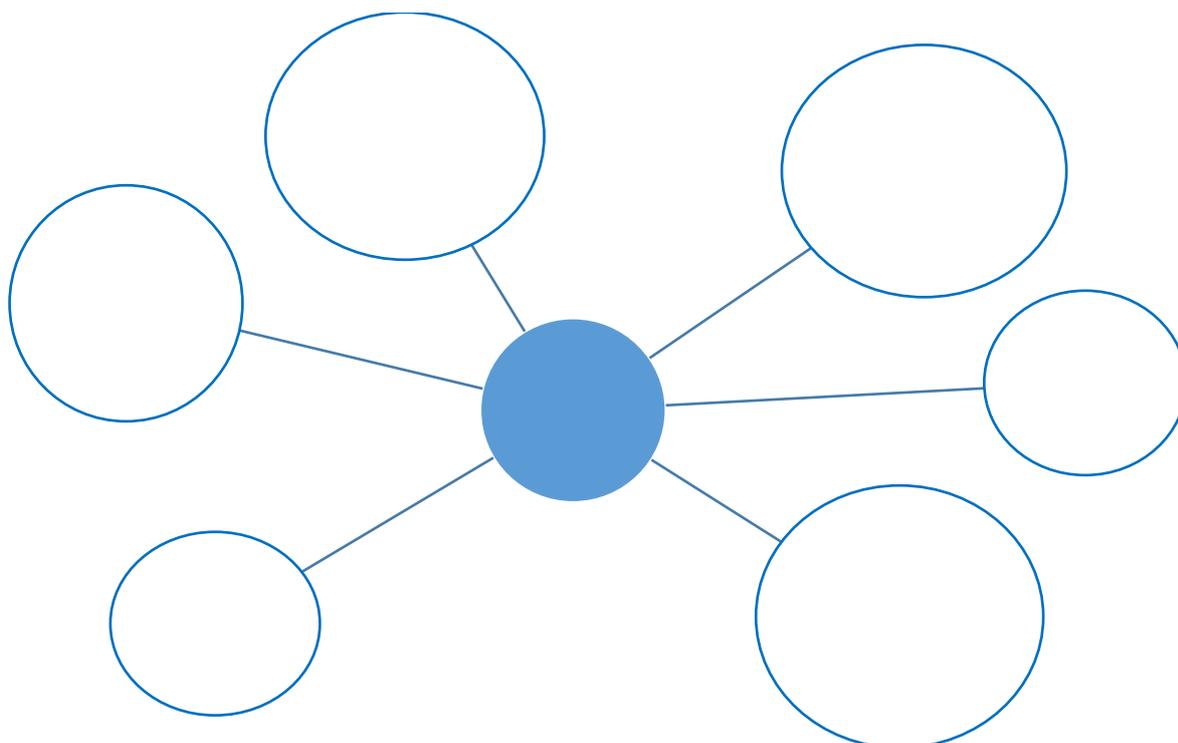

What is important to you?

e.g. family, playing football, dancing, pets, reading, friends

Write your name in the middle.

Then write down or draw what is important to you... add more circles if you want.

Now create your own flag or shield. Use one of the templates on the next page.
